Section 6. The Bonds shall be signed on behalf of the District by the President of the Board, shall be attested by the facsimile signature of the Secretary of the Board, and shall have the seal of the District impressed thereon. The interest coupons attached thereto shall be signed with the facsimile signatures of said officials.

Section 7. A special fund of the District known as the "Maintenance Fund" has heretofore been created in the office of the Treasurer of Whatcom County, Washington. All of the gross revenue of the System shall be deposited in said Maintenance Fund as collected; provided, however, that when said revenue is turned over and deposited with the Treasurer of Whatcom County by the District, the Board may designate the amounts of such moneys to be deposited in the 1970 Revenue Bond Fund and the amounts to be deposited in or credited to any other funds or accounts of the District heretofore or hereafter created. All Operating and Maintenance Expenses to be borne by the District shall be paid out of the Maintenance Fund.

Section 8. Another special fund of the District to be known as the "1970 Revenue Bond Fund" is hereby created for the purpose of paying the principal of and interest and premium, if any, on the Bonds and any bonds issued on a parity therewith, and shall be drawn upon for the sole purpose of paying the principal of and interest and premium, if any, on the Bonds, and of and on any Parity Bonds.

A. The Whatcom County Treasurer is hereby authorized and requested, and the District hereby further obligates and binds itself to cause to be set aside and paid into the 1970 Revenue Bond Fund, out of the gross revenue of the System and the money in the Maintenance Fund, and out of any other moneys legally available therefor, those amounts which, with any money on hand in such 1970 Revenue Bond Fund and available therefor, are necessary to pay the principal of and interest on the Bonds outstanding as the same respectively become due and payable. Said payments shall be made on or before the twentieth day of each month in the following amounts:

(1) Beginning with the month of February, 1970, and continuing for as long as any of the Bonds are outstanding and unpaid, one-sixth of the amount which, together with the money on hand in such Fund available for this purpose, will equal the interest to become due and payable on the Bonds outstanding on the next semiannual interest payment date.

(2) Beginning with the month of February, 1981, and continuing for as long as any of the Bonds are outstanding and unpaid, one-twelfth of the amount which, together with the money on hand in such Fund available for this purpose, will equal the principal amount of such Bonds to become due and payable on the next principal payment date.

In the event that money and/or direct obligations of the United States of America maturing at such time or times and bearing interest to be earned thereon in amounts sufficient to redeem and retire any Bond or Bonds in accordance with their terms are irrevocably set aside in a special account in the 1970 Revenue Bond Fund to effect such redemption and retirement, then no further payments need be made into the 1970 Revenue Bond Fund for the payment of the principal of and interest on such Bond or Bonds and the holders of

Bond or Bonds and the coupons appertaining thereto shall cease to be entitled to any lien, benefit or security of this resolution except the right to receive funds so set aside and pledged, and the Bonds and such coupons shall be deemed not to be outstanding hereunder or under any resolution authorizing the issuance of Parity Bonds.

The amounts herein pledged to be paid out of the money in the Maintenance Fund and gross revenue of the District into the 1970 Revenue Bond Fund and the Reserve account created therein are hereby declared to be a lien and charge upon the money in the Maintenance Fund and such gross revenue superior to all other charges of any kind or nature except Operating and Maintenance Expenses, and equal in rank to any charges which may be made hereafter upon said money and revenue for the payment of the principal of and interest on any Parity Bonds.

Section 9. A Reserve Account is hereby created in the 1970 Revenue Bond Fund. The District hereby covenants and agrees that it will pay into the Reserve Account out of money in its Maintenance Fund, out of the Gross revenue of the System and out of any other moneys legally available therefor, approximately equal monthly amounts which, together with the balance in such Reserve Account, will equal within five years after the date of issuance of the Bonds the average annual amount required to pay the principal of and interest on all outstanding bonds payable out of the 1970 Revenue Bond Fund.

The District further covenants and agrees that it will at all times maintain said amounts in the Reserve Account until the Bonds shall have been paid in full or such payment has been fully provided for. Provided, however, the moneys in the Reserve Account may be withdrawn to pay the principal of and interest and premiums, if any, on all the outstanding bonds of any single issue or series of

bonds payable out of the 1970 Revenue Bond Fund or may be transferred to any reserve account created to secure the payment of bonds issued to refund bonds payable out of the 1970 Revenue Bond Fund so long as the moneys left remaining on deposit in the Reserve Account are at least equal to the average annual debt service due thereafter on all of the remaining outstanding bonds payable out of the 1970 Revenue Bond Fund.

In the event the money in the 1970 Revenue Bond Fund over and above the amount therein set aside and credited to the Reserve Account is insufficient to meet maturing installments of either interest on or principal of and interest on any outstanding bonds payable out of such Fund, such deficiency shall be made up from the Reserve Account by the withdrawal of cash therefrom. Any deficiency created in the Reserve Account by reason of any such withdrawal shall then be made up from money in the Maintenance Fund, the gross revenue of the System, any collections of Assessments required by law and resolutions of the District to be paid into the 1970 Revenue Bond Fund and/or moneys of the District legally available therefor, which shall be first available after making necessary provision for the payments required to be made into such Fund to pay the principal of and interest on all then outstanding bonds payable out of such Fund and next coming due.

All money in the Reserve Account may be kept in cash or invested in any investments now or hereafter permitted by law, and the earnings on such investments and any profit realized on the sale thereof shall be deposited in the Reserve Account until such time as the amount of money therein shall be equal to the amount required to be therein, and thereafter such earnings and profits shall become a part of the 1970 Revenue Bond Fund.

Section 10. The Board hereby declares that in fixing

the amounts to be paid into the 1970 Revenue Bond Fund and Reserve Account out of the money in the Maintenance Fund and out of the gross revenue of the System, it has exercised due regard for the Operating and Maintenance Expenses of the System and has not obligated the District to set aside and pay into said Fund and Account a greater amount of the gross revenue of the System than in its judgment will be available over and above such Operating and Maintenance Expenses.

Section 11. There is hereby created a special fund of the District to be known as "Whatcom County Water District No. 8 Construction Fund - 70" (hereinafter called the "Construction Fund"), into which shall be paid the proceeds of the Bonds (except for accrued interest, which shall be paid into the 1970 Revenue Fund) and any and all other moneys which may be necessary to pay the cost of the improvements for which the Bonds are issued. The Construction Fund shall be drawn upon for the sole purpose of paying the cost of carrying out a portion of the Comprehensive Plan of the District set forth in amended Resolution No. 12 as provided for herein, for paying all expenses incidental thereto, for repaying other funds of the District for moneys advanced for such purposes and for paying all expenses incidental to the issuance of the Bonds.

Any moneys remaining in the Construction Fund after all of such costs have been paid may be used to repurchase any of the Bonds outstanding as provided in this resolution, or shall be transferred to the 1970 Revenue Bond Fund or the Reserve Account therein for the uses and purposes herein provided.

Section 12. The District hereby covenants with the owner and holder of each of the Bonds and any Parity Bonds for as long as any of the same remain outstanding as follows:

a. That it will promptly collect all outstanding Assessment levied in any utility local improvement district hereafter created to secure the payment of the principal of and interest on any bonds payable out of the 1970 Revenue Bond Fund without said Assessments being particularly allocated to the payment of the principal of and interest on any particular issue or series of such bonds.

b. That it will establish, maintain and collect rates and charges for service furnished by the System, which together with other revenues of the District, (excluding Assessments and amounts received or to be received from another public corporation resulting from the take-over of all or any portion of the System by such public corporation), will provide amounts sufficient to meet the Coverage Requirement (as hereinafter defined) after providing for all Operating and Maintenance Expenses, but before depreciation.

For any year in which there are not outstanding Assessments except Assessments, if any, then in default, the term "Coverage Requirement" shall mean 1.25 times the amount required in such year to pay the principal of and interest on all outstanding Bonds and Parity Bonds.

For any year in which there are outstanding Assessments not then in default the term "Coverage Requirement" shall mean 1.30 times the amount computed by deducting from the total principal and interest required to be paid in each then remaining year on all outstanding Bonds and Parity Bonds an amount equal to the percentage of the debt service for each year on each series or issue of outstanding Parity Bonds equal to the percentage arrived at by dividing the original total amount of the assessments specifically pledged to the Revenue Bond Fund in the ordinance authorizing such series or

issue by the original total principal amount of such series or issue.

c. That it will at all times keep and maintain the System in good repair, working order and condition, and will at all times operate the System and the business to connection therewith in an efficient manner and at a reasonable cost.

d. That it will not sell or dispose of all of the properties of the System unless provision is made for paying into the 1970 Revenue Bond Fund of a sum sufficient to pay and retire all of the then outstanding bonds payable out of such Fund, nor will it sell or dispose of any part of the useful operating properties of the System unless provision is made for payment into the 1970 Revenue Bond Fund of the greatest of the following:

(1) An amount which will be in the same proportion to the net amount of outstanding bonds of the District payable out of the 1970 Revenue Bond Fund (defined as the total amount of such bonds less the amount of cash and investments in such Fund and the Reserve Account therein) that the revenue from the portion of the System sold or disposed of for the twelve preceding months bears to the total revenue of the System for such period, or

(2) An amount which will be in the same proportion to the net amount of bonds payable out of the 1970 Revenue Bond Fund (as defined in (1) above) that the depreciated cost value of the facilities sold or disposed of bears to the depreciated cost value of the entire System immediately prior to such sale or disposition.

All such sums of moneys so paid into the 1970 Revenue Bond Fund shall be used to retire outstanding bonds payable out of such Fund at the earliest possible date on which any of such bonds may be redeemed at par.

e. That it will cause proper books, records and accounts

of the operation of the System to be kept and will cause to be prepared an annual financial and operating statement. Each of said statements shall be filed with the Board, shall be mailed to the main office of Foster & Marshall Inc., and shall be sent to the holder of any Bond or Parity Bond upon request being made in writing therefor.

f. That it will at all times carry fire and extended coverage and such other forms of insurance on such of the buildings, equipment, facilities and properties of the District, if such insurance is obtainable at reasonable rates and upon reasonable conditions, against such risks, in such amounts, and with such deductibles as the Board shall deem necessary for the protection of the District and the holders of all outstanding bonds payable out of the 1970 Revenue Bond Fund.

That it will at all times keep or arrange to keep in full force and effect policies of public liability and property damage insurance which will protect the District against anyone claiming damages of any kind or nature, if such insurance is obtainable at reasonable rates and upon reasonable conditions, in such amounts and with such deductibles as the Board shall deem necessary for the protection of the District and the holder of all outstanding bonds payable out of the 1970 Revenue Bond Fund.

g. That it will not furnish any service of the System to any customer or user of the System free of charge.

h. That it will, on or before March 1 of each calendar year commencing with the year 1970, determine all accounts that are delinquent and will take all necessary action to enforce payment of any such delinquencies including real property foreclosure actions against those property owners whose accounts are more than six months in default.

That it will, on or before March 1 of each calendar year commencing with the year 1970, determine all Assessments or installments thereof in any utility local improvement districts of the District in which the Assessments therein are required to be paid into the 1970 Revenue Bond Fund that have become delinquent during the preceding calendar year, and will bring the necessary actions of foreclosure upon the property against which Assessments were levied by June 1 of each such preceding calendar year.

Section 13. The District hereby further covenants and agrees with the owner and holder of each of the Bonds for as long as any of the same remain outstanding that it will not issue any Parity Bonds, except that it reserves the right,

First, to issue additional Parity Bonds for the purpose of acquiring, constructing and installing additions and improvements to and extensions of, acquiring necessary equipment for, or making necessary replacements of or repairs to the System, or

Second, to issue refunding Parity Bonds for the purpose of refunding by exchange or calling or purchasing and retiring at or prior to their maturity any outstanding revenue bonds of the District,

and to pledge and bind itself to make payments into the 1970 Revenue Bond Fund out of the money in its Maintenance Fund and the gross revenue of the District which, together with Assessments collected and paid into the 1970 Revenue Bond Fund, will be sufficient to pay the principal of and interest on such additional or refunding Parity Bonds and to maintain the reserves required therefor, which such payments shall rank equally with the payments required by this resolution to be made into the 1970 Revenue Bond Fund and the

Reserve Account therein to pay and secure the payment of the principal of and interest on the Bonds, upon compliance with the following conditions:

A. That at the time of the issuance of such additional or refunding Parity Bonds there shall not be any deficiency in the 1970 Revenue Bond Fund or the Reserve Account therein.

B. That each resolution providing for the issuance of such additional Parity Bonds shall require that any and all Assessments levied in any utility local improvement district or districts in which improvements will be constructed from the proceeds of sale of such additional Parity Bonds will be paid directly into the 1970 Revenue Bond Fund.

C. That each resolution providing for the issuance of such refunding Parity Bonds shall require that all uncollected Assessments which may have been levied to secure the payment of the principal of and interest on the bonds being refunded will be paid directly into the 1970 Revenue Bond Fund and that all moneys held in any fund or account of the District created for the purpose of paying or securing the payment of the principal of and interest on the bonds being refunded be either used to pay the principal of and interest on such bonds or be transferred and paid into the 1970 Revenue Bond Fund.

D. That each resolution providing for the issuance of such additional or refunding Parity Bonds shall provide for the payment of the principal thereof and interest thereon out of the 1970 Revenue Bond Fund. That each such resolution shall further provide that the District will pay into the Reserve Account created in the 1970 Revenue Bond Fund, out of the Assessments required to be paid into such Fund and, if necessary, out of moneys in its

Maintenance Fund, the gross revenue of the System, and any other moneys legally available therefor, approximately equal annual amounts which, together with the balance then in such Reserve Account, will equal within five years after the date of issuance of such Parity Bonds the average annual amount required to pay the principal of and interest on all outstanding bonds payable out of the 1970 Revenue Bond Fund, including such additional or refunding Parity Bonds but excluding any bonds being refunded. In the event no Assessments are levied to secure the payment of such additional Parity Bonds or there are no outstanding Assessments levied to secure the payment of the principal of and interest on the bonds being refunded by such refunding Parity Bonds, then the District shall make the payments necessary to establish the required balance in such Reserve Account within five years from the date of the issuance of such additional or refunding Parity Bonds in approximately equal monthly amounts.

E. That at the time of the issuance of such additional or refunding Parity Bonds the District shall have on file a certificate from an independent licensed professional engineer experienced in the design, construction and operation of municipal utilities (which certificate may not be dated more than ninety days prior to the month of delivery of such additional or refunding Parity Bonds stating that in his professional opinion the net revenue of the District which will be available for the payment of the principal of and interest on the Bonds, any Parity Bonds then outstanding, and the Parity Bonds to be issued, as all of the same shall become due, in each year after the year in which the improvements (if any) being financed out of the proceeds of the sale of such Parity Bonds are to be completed will equal the Coverage Requirement as hereinbefore defined.

The words "net revenue of the District" as used in the

subparagraph immediately above shall mean the gross revenue and receipts of the District (except assessments and amounts received or to be received from another public corporation resulting from the take-over of a portion of the System by such public corporation), after deducting therefrom all Operating and Maintenance Expenses, but before depreciation and annual debt service on any outstanding revenue bonds or revenue coupon warrants that any have a lien on the gross revenue of the System for such annual debt service junior and inferior to the lien of such gross revenue for the payment of the principal of and interest on the Bonds. Such net revenue shall be determined as herein provided. The net revenue shall be determined from an audit of the Division of Municipal Corporations of the State Auditor's Office, if available, or from a financial statement prepared by independent accountants, or from a financial statement of the District authenticated by the Secretary of the Board for a period of any twelve consecutive months out of the twenty-four months immediately preceding the month of delivery of such Parity Bonds. Such net revenue shall then be adjusted to reflect (a) any rate changes that have taken place or have been approved, (b) revenue reasonable expected to be derived from customers added to the System subsequent to such twelve months period and from customers to be served by improvements being constructed out of the proceeds of the bonds to be issued, (c) a full year's revenue for any customers being served but who have not been receiving service for the full period of operation used as a basis for the certificate and (d) actual or reasonably anticipated changes in Operation and Maintenance Expenses subsequent to such twelve-month period.

F. In the event that any refunding Parity Bonds provided for in this Section 13 are issued for the sole purpose of exchanging

with or providing funds to purchase or redeem and retire prior to their maturity any or all bonds payable out of the 1970 Revenue Bond Fund and the issuance of such refunding Parity Bonds and retirement of outstanding bonds results in a monetary savings to the District and such refunding Parity Bonds will not require a greater amount (exclusive of costs incidental to such refunding, any call premium or premiums, and except as necessary to round out maturities to the nearest \$5,000) to be paid in any calendar year thereafter than would have been required to be paid in the same calendar year for the principal of and interest on the bonds being refunded, then the certificate required in subsection E. of this Section 13 need not be obtained to permit such refunding Parity Bonds to be issued on a parity with any Outstanding Parity Bonds, Bonds and/or Parity Bonds then outstanding, although the provisions of subsections A, C and D of this Section 13 must still be complied with.

Section 14. Nothing herein contained shall prevent the District from issuing revenue bonds which are a charge upon the gross revenue of the System and moneys in the Maintenance Fund junior or inferior to the payments required to be made therefor into the 1970 Revenue Bond Fund and the Reserve Account, or from pledging the payment of Assessments into a fund or account created to pay and secure the payment of the principal of and interest on such junior lien bonds as long as such Assessments are levied for improvements constructed from the proceeds of sale of such junior lien bonds, nor shall anything herein contained prevent the District from issuing revenue bonds to refund maturing revenue bonds of the District for the payment of which moneys are not otherwise available.

Section 15. The action of the Board in accepting the written

offer of Foster & Marshall Inc. to purchase the Bonds at the price set forth in said offer and under the terms, conditions and covenants of the Bonds as set forth herein is hereby ratified and confirmed.

The Whatcom County Treasurer and District officials, agents and representatives are hereby authorized and directed to do everything necessary for the prompt issuance, execution and delivery of the Bonds and for the proper use and application of the proceeds of the sale thereof.

Section 16. The moneys derived from the sale of the Bonds shall be deposited as follows:

A. Any accrued interest received at the time of the sale shall be paid into the 1970 Revenue Bond Fund.
