Section 2: Section 4.01 of Resolution No. 149 is hereby amended to read as follows:

4.01 Application and issuance. Prior to connection of any house, building, or structure to the public sewer or the making of any repairs, alterations, or additions to any side sewer or line connected thereto, an application for a side sewer permit on an appropriate form provided by the District, shall be filed by the owner or his agent at the District office. The permit application shall be supplemented by any plans, specifications or other information considered pertinent in the judgment of the District. Upon approval of the application the District shall

issue a side sewer permit to the applicant, which permit shall be authorization to the applicant to proceed to connect in accordance with the permit. If the applicant proceeds in any manner other than as authorized, the District may require the applicant to redo any work that is not in accordance with the permit.

Any permit shall be valid for thirty (30) days unless extended or renewed by the District upon good cause shown, upon application therefore, prior to the original expiration date. A renewal permit shall be valid for not more than thirty (30) days.

Section 3: This resolution shall become effective on February 1, 1984, and shall apply to any side sewer connection applications made but not completed prior to that date.

Section 4: All resolution or parts of resolution that conflict herewith are hereby repealed.

ADOPTED at a regular meeting of the Board of Water Commissioners of Birch Bay Water District No. 8, held this 26th day of January, 1984.
